

Universal Cutting Machine C01

Feature

- The C01 is an automatic cutting machine, which adopt microcomputer, stepper motor and LCD display screen.
- The C01 offers easy operation for setting length, ration and cutting force etc.
- This tube cutting machine covers wide application range, it's able to cut heat shrinkable tube, TEFLON, insulation paper, ribbon cable, tape, elastic band, zipper etc.
- High speed, low maintenance, economical and versatile machine.
- CE-conformity: the C01 complies with CE equipment guidelines relative to mechanical and electrical safety and electromagnetic compatibility.

Technical Parameter

Model	C01 Universal Cutting Machine
Function	Speed adjust, Multi-piece cutting, tube guider
Cutting Width	100mm
Cutting Length (L)	0.1-9999mm
Cutting Length Tolerance	0.02 x L
Rated Power	1/4 HP
Power Supply	AC220V, 50/60Hz
Dimensions(LxWxH)	500x450x450mm
Weight	34KG
